Professional Summary

Self-driven & Senior Technology Leader with **15+ years of experience** in frontend, mobile, backend, and full-stack development, UI/UX design, and engineering leadership. Experienced in **building and scaling high-impact web and mobile products** across FinTech, EdTech, AI, low-code platforms, ERP systems, and startups.

Proven expertise in **leading engineering teams, defining architecture, and driving product strategy**, from hands-on coding to delivering enterprise-grade systems. Skilled in **React, React Native, Next.js, Node.js, Laravel, .NET Core, and modern frontend & backend technologies**, with a focus on performance, scalability, security, and maintainability.

Currently leading **frontend engineering at Dinar.sa**, moreover I contributed to government-level digital platforms such as NEOM, modernizing legacy codebases, mentoring engineers, and collaborating with product, UX, and backend teams on complex applications.

Founder and technical leader behind **Locofy.ai** (low-code platform) and **ilmyst.com** (EdTech), with extensive experience in **team building, mentoring, and bridging business, design, and engineering** to deliver innovative, high-quality solutions.

Thrives in **startup and scale-up environments**, taking full ownership of technology outcomes—from vision and architecture to execution and team growth. Seeking **top-level**

leadership roles such as Technical Manager, Head of IT, or Product Owner to drive **technology, product innovation, and high-performing engineering teams.**

Professional Experience

Dinar.sa

Team Lead & Senior Front-End & Mobile App Developer (Dec 2023 – Present)
Riyadh, Saudi Arabia

- Led frontend and mobile app development using **React and React Native**, delivering scalable and high-performance applications.
- Defined frontend architecture, reusable components, and coding standards.
- Worked closely with product, design, and backend teams to deliver user-focused solutions.
- Reviewed code, optimized performance, and ensured quality across releases.

NEOM

Team Lead & Senior Front-End Developer (Dec 2022 – Dec 2023)
Riyadh, Saudi Arabia

- Led a team of 4 frontend developers
- Converted Figma designs into scalable React & React Native applications
- Designed user stories and frontend architecture
- Conducted code reviews and ensured best practices
- Implemented complex business logic and reusable components

Locofy.ai

Team Lead & Senior Front-End Developer Nov 2021 – Dec 2022)

- UI/UX design and frontend architecture
- React JS & React Native development
- Website performance optimization
- Brand management and digital ads design
- Integration with marketing & advertising tools

BankOnUs.com

Team Lead & Senior Front-End Developer (Dec 2017 – Nov 2021)

- Led frontend team and reviewed code
- Built React & React Native applications from Figma designs
- Feature planning and scalable code structure

SmartChoice.pk

Senior Front-End Developer / UI UX Designer (Jan 2017 – Dec 2018)

- Branding and UI/UX design
- PSD to HTML & responsive layouts
- Android & iOS app UI design
- Website performance monitoring

FSD Solutions

Senior Front-End Developer (Nov 2014 – Jan 2017)

- Responsive UI development
- WordPress theme customization
- Project estimation and newsletters

Royal Cyber

Senior Front-End / WordPress Developer (May 2014 – Nov 2015)

- HTML/CSS to WordPress conversion
- Branding and promotional designs

Earlier Experience (2010 – 2014)

Expertek Cyber Solutions— Senior Front-End / UI UX Designer

Smart IT Solutions — Web Designer / Motion Graphics Animator

Technical Skills

Frontend & Mobile Development (Primary Strength)

- **React.js, React Native**
- JavaScript (ES6+), **TypeScript**
- HTML5, CSS3, SCSS
- Component-Based Architecture & Reusable UI Systems
- Cross-Browser & Cross-Platform Development

Backend & Full-Stack Development (Hands-On / Integration Level)

- **Node.js** (API consumption, backend logic collaboration)
- **Laravel (PHP)** – API integration & backend feature support
- **Groovy & Grails** – Enterprise application exposure
- RESTful API Design & Integration
- Authentication & Authorization Flows
- Backend–Frontend Data Modeling Collaboration

State Management & Real-Time Data

- **React Query / TanStack Query**
- Context API
- WebSockets / SignalR (Real-Time Systems)

UI / UX & Design Engineering

- **Figma to Production-Ready UI**
- **Locofy.ai** (Design-to-Code Automation)
- Design Systems & Token-Based Styling
- UX-Centered Interface Development
- Accessibility (WCAG Fundamentals)

AI-Powered Development & Productivity Tools

- **ChatGPT / AI Coding Assistants**
- **GitHub Copilot**
- AI-Assisted UI Generation & Prototyping
- Prompt Engineering for Frontend, UI & Logic Design

Performance, Scalability & Quality

- Frontend Performance Optimization
- Code Splitting & Lazy Loading
- Render Optimization & Memoization
- Mobile App Performance Tuning
- Error Handling & Stability Improvements

Modern Web & Platform Skills

- **Next.js (SSR & SEO Awareness)**
- SEO-Friendly Frontend Architecture
- Progressive Web App (PWA) Concepts

DevOps & Engineering Practices

- Git & Git-Based Workflows
- CI/CD Awareness (Frontend & Mobile Pipelines)
- Environment-Based Configuration
- App Store & Play Store Release Management

Leadership & Delivery

- Technical Leadership & Team Mentoring
- Code Reviews & Architecture Reviews
- Agile / Scrum Methodologies
- User Story-Driven Feature Development
- Stakeholder & Cross-Functional Collaboration
